

University of California, Santa Barbara

Academic Research Consortium (ARC) Summer Program

Providing mentored research experiences in all disciplines to undergraduates at the junior level or continuing seniors with the potential to succeed in graduate studies.

June 23 - August 8, 2014

Supported by the Graduate Division of the University of California, Santa Barbara
www.graddiv.ucsb.edu

Program Highlights:

- A 7-week Summer research experience at UC Santa Barbara with \$2500 Stipend
- Weekly academic enrichment and professional development workshops
- Participation in end-of-summer symposium to present research work
- Preparation for the Graduate Record Examination (GRE)
- Explore the graduate admissions process, including how to build a strong application package
- Be exposed to the diversity and community of UC Santa Barbara

Attendees should possess a minimum GPA of 3.0 and be committed to pursuing a graduate education
