

nano@illinois

Research Experience for Undergraduates (REU)

ILLINOIS
UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN

*a 10-week nanotechnology
research experience at the
University of Illinois Urbana-Champaign
May 27-August 1, 2014*

Nanobiotechnology
Nanomanufacturing

Nanoelectronics
Nanocharacterization

Computational Nanotechnology
Nanofabrication

Nanophotonics
Nanomaterials

Who should apply?

- Undergraduates majoring in science and engineering disciplines
- Students from underrepresented minority groups and women are strongly encouraged to apply
- U.S. citizenship/national or permanent residency is required

Benefits Include:

- \$5000 Stipend
- \$700 Travel support
- On-Campus housing
- Meal stipend
- Hands-on research
- Faculty/Peer mentoring
- Professional development
- Networking

Apply by Feb. 15th, 2014
(for full consideration*):

nano.illinois.edu

*after this date, we will accept rolling applications
if space permits
